

PRINTING TIPS FOR ALL PDF DOCUMENTS ON THIS WEBSITE

To print our meeting.pdf with accurate formatting, make sure to set orientation to “landscape” and deselect “fit to page” in page setup (properties). Set “Custom Scale” to 100% or “Actual Size”. Next, under properties, set job to two-sided (duplex) -- manual mode if your printer does not support auto-duplexing – remember, **DO NOT SELECT “FIT TO PAGE”, “FIT”, or “SHRINK OVERSIZED PAGES”**

Additionally, when printing ANY document, in order to save color ink cartridges, select “Print in grayscale, black and white”
